Can non-profit provide 501c3 certificate?

Yes

Describe your team's community service project. Who did it help and how?

The Queen City Honor Flight honors local veterans by flying them from Charlotte Douglass International Airport to Washington, DC. In Washington DC they are able to visit the historic monuments and Arlington National Cemetery. On the flight, the veterans are given mail created by local schools and children to honor them. Our team spent a practice session filling out cards and letters for Veterans on the Queen City Honor Flight this year. The team wrote inspirational messages, created patriotic pictures, and reflected on the importance of honoring our veterans. When the flight returns to Charlotte, there are crowds of people waiting to cheer on these veterans in the airport for a Welcome Home event. Some of our students are also participating in this event on October 10.

Why did you pick this project?

This project is very near to our students, as some have participated in previous years with our ROTC program. Our ROTC program has been involved in the parade held for these veterans when they return to Charlotte. Additionally, one of our Cross Country parents is the captain of the flight, and he connected us with helping honor these veterans.

How many students are on your team, and how many participated in the service project?

25
