Non-Profit being helped

College Pines Health and Rehabilitation

Can non-profit provide 501c3 certificate?

Describe your team's community service project. Who did it help and how?

The team is working on creating Christmas cards for the elderly shut-ins that may not have anyone to reach out to them during the holidays at College Pines Health and Rehabilitation in Connelly Springs.

Why did you pick this project?

The team decided to do this project for a change from our normal book drive that we have done the past five years, and they've decided they want to do this again but also add Halloween cards next year.

How many students are on your team, and how many participated in the service project?
