Can non-profit provide 501c3 certificate?

Yes

Describe your team's community service project. Who did it help and how?

Our team sold Domino's Pizza gift cards in order to raise money for our pet medical needs fund. This fund helps animals in need, especially those animals whose owners are mentally or physically challenged, need financial assistance or are veterans of our military. We assist with basic care such as spaying/neutering and rabies shots, as well as urgent care for injured or sick animals. Recently, we have helped Lily the chihuahua and Buttercup the one-eyed kitten receive life saving care. We are hoping to partner with the Foothills Canine Rescue in the near future (pending Board approval) and spend time with their foster dogs.

Why did you pick this project?

Many of my runners are animal lovers and some are even exploring careers in veterinary care or other related fields. We have such a great need in our community to provide veterinary care to families in need especially in this tough economy. We realize pets are a very important part of our lives and we want to help ease some of the financial burden if possible.

I will send photos in a separate email.

How many students are on your team, and how many participated in the service project?
