Describe your team's community service project. Who did it help and how?

We have a custodian Ricky Poole that has been on the job for 56 years. He graduated on a Friday from our high school and went to work on Monday and has been here ever since. Rarely misses any days. Well right after school started his wife was taken in for a kidney stone and somehow as a result she contracted "sepsis" It somehow got into her brain eventually succumbing to it after a 2 month battle. Ricky was by her side the entire way. She was all the family he had, so now its just him. We decided to do something in his honor so our "courtyard" had been sort of neglected in his absence so we decided to help him out and get the courtyard in working order in his honor. We are still working on it as I write this, but intend to have it in great shape soon.

Why did you pick this project?

To help out our fellow colleague, friend, and pillar of the North Iredell community in his time of need. They don't come no better than Ricky Poole, and he is hurting right now.

How many students are on your team, and how many participated in the service project?

26
