Yes

Describe your team's community service project. Who did it help and how?

We picked up trash on campus at Shelby High School.

Why did you pick this project?

We find that major events on campus (football, American Legion games, etc.) produce a lot of litter. A lot of that is removed by our custodians, but at least portions of that make its way to our cross country course. We spend time talking about the interconnectedness of our programs, but this makes an obvious point about the interconnectedness of our world. Event litter makes school litter, school litter makes trail litter.

How many students are on your team, and how many participated in the service project?
